

# CHURCHILL: HERO OR VILLAIN?

# CHURCHILL: HERO OR VILLAIN?

**Day & time:**

Suddenly Winston Churchill seems to be everywhere. He is thrust into our hands as the new face of the five pound note – and Hollywood stars are queueing up to play him in films.

He is also the hero of many politicians, and

constantly held up as the man who saved us from the Nazis.

What is the truth behind the myth?

What did he really think of fascism? And what role did he actually play in 'Britain's darkest hour'? Come and join the debate.
